

Ligation Devices Market is projected to reach USD 1.57 billion during the forecast period

Ligation Devices Market is projected to reach USD 1.57 billion during the forecast period

PUNE, MAHARASHTRA, INDIA, October 6, 2022 /EINPresswire.com/ -- Data Bridge Market Research analyzes that the [Ligation Devices Market](#) is expected to grow at a CAGR of 6.88% during the forecast period 2022-2029 and is anticipated to reach USD 1.57 billion by 2029. Ligation is an operation surgery that involves tying a ligature

around a body duct, tube, or blood artery. Endoscopic ligation is an effective treatment for protruding lesions and is commonly used to treat esophageal hemorrhage, gastric varices, and angiodysplasia. It is a viable approach to eliminate lesions in the upper gastrointestinal tract. It also reduces the risk of complications, such as perforations and bleeding.

Global Ligation Devices Market Scope and Market Size

The ligation device market is segmented on the basis of product, procedure, applications, and end users. Growth between these segments will help you analyze low-growth segments within industries and provide users with valuable market overview and market insights to help them make strategic decisions to identify leading market applications.

Based on product, the ligation device market is segmented into portable instruments, applicators, and accessories. The applicator segment is further segmented into disposable and reusable. The accessory segment is further segmented into clips and clip removers.

Based on the procedure, the ligation device market is segmented into minimally invasive surgery and open surgery.

The application segment of the ligation device market is divided into gastrointestinal and abdominal applications, cardiovascular applications, gynecological applications, urological applications, and other applications.

The ligation device market has been segmented into hospitals , ambulatory surgery centers, and others based on end users.

Country Analysis of the Ligation Devices Market

The ligation device market is segmented on the basis of product, procedure, applications, and end users. Countries Covered in Ligation Devices Market Report are USA, Canada, and Mexico, North America, Germany, France, UK, Netherlands, Switzerland, Belgium, Russia, Italy, Spain, Turkey, Rest of Europe in Europe, China, Japan and India. , South Korea, Singapore, Malaysia, Australia, Thailand, Indonesia, Philippines, Rest of Asia-Pacific (APAC) in Asia-Pacific (APAC), Saudi Arabia, United Arab Emirates, South Africa, Egypt, Israel, Rest of Middle East and Africa (MEA) as part of the Middle East and Africa (MEA), Brazil,

Asia-Pacific dominates the ligation device market in terms of market share and market revenue and will continue to flourish its dominance during the forecast period. This is due to the increasing patient population and improving healthcare infrastructure in this region.
