"We are very pleased to see someone of Pamela's international experience and standing come through our program," said David R. Koenig, President and Chief Executive Officer of the DCRO Institute. "I continue to be impressed by the IFC Nominee Directors like Pamela who are coming through our program as each applies their substantial talent and experience to the work of important organizations globally," he continued.

The Certificate in Risk Governance® is awarded to those who have completed The Board Members' Course on Risk® - an intensive 17-course education program and evaluation. The

curriculum is designed for current and aspiring board members who seek to advance the governance of risk-taking at their organizations and those who interact with boards. Taught by some of the world's leading figures in risk governance, the program features lessons by nearly 50 board members, c-level executives, and well-known authors from five continents. No course on risk for board members as robust as this - depth, practicality, and global expertise - exists anywhere else.

Pamela A. Lamoreaux

“What a great course! I learned so much about the various types of risks and how to mitigate them,” said Ms. Lamoreaux. “The information was very practical and useful in my journey as a board nominee. In many cases, it made me think of ways I could approach risk in ways that are relevant in my various roles. The course is well worth the time and effort,” she continued.

The fundamental Duty of Care for directors around risk is to ensure that our organizations take risks well in pursuit of our goals and ambitions. This course furthers the fulfillment of that duty.
