

Highlights from the Construction Links Network platform this week - October 6, 2022

The only peer-to-peer content sharing platform for the construction, building and design community

SUNDRE, ALBERTA, CANADA, October 6, 2022 /EINPresswire.com/ -- [Construction Links Network](#) is a unique news platform where members "Get More Eyes" on their digital content and increasing their SEO.

The network includes thousands of Canadian construction managers, contractors, developers, building managers, property managers, architects, designers, engineers, government officials and more. Members use this platform to share and onboard their digital content on the Internet, through social media and our popular e-Newsletters. Ideal for product / service releases, company announcements, blogs, podcasts, webinars, case studies, videos and more.

Top news this week comes from Statistics Canada who report that the total value of building permits in Canada increased 11.9% in August to \$12.5 billion. Both the residential sector and non-residential sector saw strong gains. The total permit value of the non-residential sector increased 11.8%. The value of building permits in the industrial component rebounded with an increase of 18.1%.

The top video is courtesy of Construction Links Network member Sustainable Buildings Canada who just released their new video on the 2022 Green Building Festival. GBF 2022 will be held in-person as well as online on November 1. To learn more and register go to [GBF22.com](#).
