

American Cancer Society Making Strides Against Breast Cancer Walk Set For October 8, 2022

A celebration of courage and supportive communities is the hallmark of the Making Strides Against Breast Cancer experience

MYRTLE BEACH, SC, UNITED STATES, October 6, 2022 /EINPresswire.com/ -- The American Cancer Society Making Strides Against Breast Cancer® walk, presented by [Vacation Myrtle Beach](#), will be held October 8, 2022 at Crown Reef Resort, 2913 S. Ocean Blvd. Registration for this event begins at 9:00 AM and the 5k walk is set to start at 10:00 AM on the beach.

Since 1993, the American Cancer Society Making Strides Against Breast Cancer® campaign has united communities, companies, and individuals with a collective goal to end breast cancer as we know it. Over the past two decades, the 3- to 5-mile noncompetitive walks have collectively grown into the nation's largest and most impactful breast cancer movement – providing a supportive community for courageous breast cancer survivors and metastatic breast cancer thrivers, caregivers, and families alike.

This year, Making Strides Against Breast Cancer® celebrates its 30th anniversary and will take place in more than 150 communities nationwide. Making Strides Against Breast Cancer celebrates survivors and thrivers, funds lifesaving breast cancer research, and is committed to advancing health equity through programs and services, believing that all people have a fair and
