The experts at Paul Davis Restoration offer these tips to help keep homeowners and families safe during Fire Prevention Week Oct. 9th-15th 2022:

- Smoke alarms should be installed throughout the home including the kitchen, basement, and every bedroom and outside sleeping area.
- Never remove or disable smoke alarms.
- Test smoke alarms at least once per month by pushing the test button.
- Interconnect smoke alarms so if one sounds, they all do.
- If smoke alarms don't work, replace the correct size battery or the entire smoke alarm unit.
- Don't let children play with fire.
- Don't leave cooking items or clothing irons unattended.
- Never leave your home with a candle burning.
- Never leave your home or office with a space heater still on. Unplug item.

- Place a portable ladder in each second-floor room.
- Have an updated, emergency first aid kit.
- Check fire extinguishers for expiration and replace as needed.
- Handle gasoline or propane-powered equipment cautiously.
- Install carbon monoxide detectors.
- Create a [Family Emergency Plan](#). Know how to communicate during an emergency.
