For the 17th year in a row, Tidelands Health Foundation will be hosting and organizing a walk event to raise awareness and financial assistance for breast cancer. With the past two events being held virtually, The Lovely Law Firm Injury Lawyers is proud to be a part of the first in person fundraising event for Tidelands Health Foundation In The Pink Cancer Awareness Walk since the pandemic began.

The In The Pink Breast Cancer Awareness Walk was created by Tidelands Health Foundation to raise awareness for

breast cancer, as well as raise funds to provide free mammography services to both women and men who need financial assistance or do not have government assistance. The Lovely Law Firm Injury Lawyers knows how important it is to raise awareness for breast cancer, and encourage individuals to seek mammography services to ensure the health of every individual in our community. We encourage those who join us to purchase Butterflies of Hope which stand in

memoriam of those whom we have lost to breast cancer, and as a symbol that we will never stop fighting for a cure are available for purchase as well. We highly encourage those who are coming to the event to purchase one to ensure their friend or family member's fight is acknowledged.

Information About Tideland's Breast Cancer Awareness Walk

At the first Breast Cancer Awareness Walk held by the Tidelands Health Foundation in October 2006, nearly 200 community members participated. For individuals without financial resources or government assistance, the walk was designed as a way to provide free mammography services to both men and women. For this year's event, there are over 1,300 registered walkers, as well as 1,500 participants who will come together to support and raise funds for breast cancer awareness.

There are three separate ways for individuals to register for the event. Typically, teams or groups of friends, families, and coworkers are formed to raise more money. However, attendees can sign up individually if they wish.

Every year Tidelands Health Foundations welcomes far more than 200 new and returning registrants. The Lovely Law Firm Injury Lawyers and our staff are just a few of many that come together to support the cause. Sadly, we hear too many stories of women and men going through the trials and tribulations of breast cancer. However, we also put forth our best effort to honor the memory of those who have lost their battle to breast cancer. Throughout the day, attendees cheer each other on, support fundraising, and celebrate this special event with our community while also supporting a great cause.

The Lovely Law Firm Injury Lawyers wants to ensure our support for those who are fighting breast cancer, for those we've lost, and for those who have survived. When you register to attend the event, individuals will receive a t-shirt and vendor expo access, and they also have the ability to participate in the celebration ceremony. Each survivor will be recognized through a
