/EINPresswire.com/ -- Vido's Health & Beauty promoted its Hemp-Seed Oil skincare product line to dozens of retail buyers at the recent ECRM "Vitamin, Weight Management, and Sports Nutrition Program."

"Our representative met with buyers from large and small retail chains in the U.S.," said Iva Plummer, one of the co-founders of Vido's Health & Beauty U.S.A. "We are working to expand our retail distribution network and ECRM gave us the opportunity to talk to all these buyers in less than a week."

Vido's Health & Beauty USA is bringing European-quality, herbal skincare elixirs that use Hemp Seed Oil, vitamins, and other natural essential oils to the U.S.

ECRM brings buyers and brands with new products together for private meetings. Buyers attending the ECRM event represent regional and national food, drug, and mass chains.
