

# Kasm Workspaces Featured on Novaspirit Tech

*Kasm Workspaces Platform Overview and Technical Deep-dive*

MCLEAN, VA, USA, October 7, 2022  
/EINPresswire.com/ -- [Kasm](#)

[Technologies](#), today announced that Kasm Workspaces was featured on the Novaspirit YouTube channel as an Isolated Disposable Remote Workspace Via Your Browser:  
<https://youtu.be/go7n0FmNqh4>

“This is a disposable, isolated remote workspace that you can stream through your browser,” said Don Hui, Owner of Novaspirit Tech. “I use this 5-6 times a day for secure research. It is an absolute must-have software for your home server!”

# Kasm

Kasm Technologies

Novaspirit

In this video Novaspirit provides a comprehensive overview of the Kasm Workspaces platform:

- Reasons for having an isolated environment
- Enterprise remote work usage and thin clients
- Teaching or lab environments
- Platform setup
- Linux gaming usage and gamepad passthrough
- Rendering technology for streaming
- Control panel for data loss prevention and malware protection
- Open-in-isolation browser isolation
- Admin panel and configuration
- Benefits of ephemeral workspaces

“Our team is excited to have Novaspirit share our Kasm Workspaces platform with the home server community.” Said Kasm Technologies Chief Revenue Officer – Brian Jenrette. “This video

demonstrates how container streaming can augment a home server environment to provide secure/private browsing, thin client resources and temporary sandboxes.”

#### ABOUT KASM WORKSPACES

Kasm Workspaces is a container streaming platform for delivering browser, desktop, and application workloads to the web browser. Kasm is changing the way that businesses deliver digital workspaces using our open-source web-native container streaming technology to establish a modern devops delivery of Desktop as a Service (DaaS), application streaming, and browser isolation. Kasm is not just a service, it is a highly configurable platform, with a robust developer API that can be customized for your use-case, at any scale. Workspaces is truly wherever the work is. It can be deployed in the cloud (Public or Private), on-premise (Including Air-Gapped Networks), or in a hybrid configuration.

#### ABOUT KASM TECHNOLOGIES

Kasm Technologies is a privately held small business led by a team of cybersecurity engineers experienced in developing web-native remote work platforms for Federal/State Government, Fortune 500 companies, Startups, and Small/Medium sized businesses. Our team's experience in offensive/defensive cyber operations, rapid prototyping, and cutting-edge technology provides us with a unique perspective on how to provide reliable, private, and secure communications.
