“

I have loved the music of Jerry Reed so very much, it seemed natural to try a Nashville- flavored version. I bet heaven is a lot more fun since Jerry arrived.”

“There are several reasons why I decided to release a country music version of the title track, ‘I Come From Earth,’ said Scott. “This was not a last minute decision. It was recorded at the beginning of the album project. I have always enjoyed artists who can write a song with humor at

times, like Joe Walsh. One of my favorite artists of all time is Jerry Reed. I love so many of his

songs, and he can do many styles, besides humor. Nevertheless, some of my favorite songs of his were 'Amos Moses,' 'When You're Hot You're Hot,' and 'Good Lord Mr Ford.' I think this song speaks to the global concept of the album, connection and togetherness, but in a light-hearted way. And because I have loved the music of Jerry Reed so very much, it seemed natural to try a Nashville-flavored version. I bet heaven is a lot more fun since Jerry arrived."
