Design Firm Bradley Interiors' Staff Plans To Attend Salone Del Mobile Milano 2023 To Learn From Exclusive Lines

Columbus, Ohio

In the last two decades, Bradley Interiors in Columbus, Ohio, has grown from a remote company in 2001 to a big design studio having dozens of employees. According to founder and CEO Bradley Wampler, the firm's growth is the result of providing clients with cutting-edge design and such exclusive product lines as Loro Piana and Poltrona Frau, available in Columbus only at Bradley Interiors. To best educate employees on these lines, Bradley Wampler took them to the source, the Salone del Mobile Milano 2023.

The annual furniture fair held in Milan, Italy, is the largest trade fair of its kind in the world. To take advantage of the educational opportunities and chance to experience new products firsthand, Bradley Interiors is planning to send its employees to attend the 2023 show on April 18 – 23.

The Salone del Mobile Milano combines 3 events dedicated to the concepts of classic furnishing, living, and architectural finishing. An international benchmark event for the design and furnishing sectors, the coming year's exhibition is planned to provide a global platform for more than 2,000 exhibitors showcasing products and services with an emphasis on innovation and design trends. It is expected to attract half a million visitors from more than 165 countries.

"Much of what we learned at the shows in previous years is seen in our clients' homes today, not only do we find new ideas and products but also an inspiration to take what we see and bring it back to our designs." ~ Bradley Wampler
