

Tonometer Market Share, Size, Top Companies, Industry Trends, Regional Analysis and Forecast 2022-2027

SHERIDAN, WYOMING, ANDORRA, October 10, 2022 /EINPresswire.com/ -- According to IMARC Group's latest report, titled "Tonometer Market: Global Industry Trends, Share, Size, Growth, Opportunity and Forecast 2022-2027," the global [tonometer market reached a value of US\\$ 322.2 Million](#) in 2021. Looking forward, IMARC Group expects the market to reach US\$ 444 Million by 2027, exhibiting at a CAGR of 5.4% during 2022-2027.

Tonometer Market Overview:

The tonometer is a medical device that monitors the fluid and intraocular pressure in the eye. The device consists of flat-tipped probes and a metal plunger that is gently pressed against the surface of the eye. The tonometers are commonly available in applanation, rebound and indentation variants. They are utilized to diagnose and evaluate the patients at [risk](#) of glaucoma and cataract, which can cause vision loss and damage the optic nerve in severe cases. The device also aids in minimizing the risks of infection and corneal abrasions. As a result, they are widely used in [healthcare](#) and ophthalmic centers.

Tonometer Market Trends:

The global tonometer market is primarily being driven by the increasing prevalence of eye-related disorders, such as glaucoma, and diabetes, especially among the geriatric population. Moreover, various product innovations, such as the launch of portable tonometers, are favoring

the market growth. In comparison to the conventionally used devices, these advanced variants are easy to use, lightweight and require minimal human contact, which prevents eye infections. Other factors, including the availability of regular eye checkup facilities in rural and urban areas, along with the increasing health consciousness and awareness regarding the benefits of regular monitoring of eyes among the masses, are creating a positive outlook for the market.

As the novel coronavirus (COVID-19) crisis takes over the world, we are continuously tracking the changes in the markets, as well as the industry behaviors of the consumers globally and our estimates about the latest market trends and forecasts are being done after considering the impact of this pandemic.

Competitive Landscape:

66 Vision Tech Co. Ltd
Yuwell-Jiangsu Yuyue Medical Equipment & Supply Co. Ltd.
AMETEK Inc.
Canon Inc.
Haag-Streit Group
Metall Zug AG
Keeler Ltd
Halma plc
Kowa American Corporation (Kowa Company Limited)
Nidek Co. Ltd.
Revenio Group Oyj
Rexxam Co. Ltd
Tomey Corporation
opcon Corporation
Ziemer Ophthalmic Systems AG.

Key Market Segmentation:

Breakup by Type:

Direct
Indirect

Breakup by Technology:

Applanation Tonometry
Indentation Tonometry
Rebound Tonometry

Others

Breakup by Portability:

Desktop

Handheld

Breakup by End User:

Hospitals

Ophthalmic Centers

Breakup by Region:

North America (United States, Canada)

Europe (Germany, France, United Kingdom, Italy, Spain, Others)

Asia Pacific (China, Japan, India, Australia, Indonesia, Korea, Others)

Latin America (Brazil, Mexico, Others)

Middle East and Africa (United Arab Emirates, Saudi Arabia, Qatar, Iraq, Others)

Note: We are updating our reports, If you want the report with the latest primary and secondary data (2022-2027) including industry trends, market size and Competitive landscape, etc. Click request free sample report, published report will be delivered to you in PDF format via email within 24 to 48 hours.

Key highlights of the report:

Market Performance (2016-2021)

Market Outlook (2022-2027)

Market Trends

Market Drivers and Success Factors

Impact of COVID-19

Value Chain Analysis

Comprehensive mapping of the competitive landscape

If you need specific information that is not currently within the scope of the report, we will provide it to you as a part of the customization.

About Us:

IMARC Group is a leading market research company that offers management strategy and

market research worldwide. We partner with clients in all sectors and regions to identify their highest-value opportunities, address their most critical challenges, and transform their businesses.

IMARC's information products include major market, scientific, economic and technological developments for business leaders in pharmaceutical, industrial, and high technology organizations. Market forecasts and industry analysis for biotechnology, advanced materials, pharmaceuticals, food and beverage, travel and tourism, nanotechnology and novel processing methods are at the top of the company's expertise.
