Sheets Therapy, scheduled to be released on all platforms on October 21, is the first installment of what De-Capo hopes will be a game changer in the industry. The concept

behind Sheets Therapy was the brainchild of B. Sims, who has written for Eric Bellinger. B. Sims was inspired by Sex Therapy, s/o to Robin Thicke which brought the vision in focus; however, the thought was to bring a real feel good bounce into the bedroom.

De-Capo created the loop and track in about an hour! The interface of the loop includes an excerpt from Ashton London which sets the tone. The vibe is crazy, the track is a futuristic blend of bounce infused with r&b which hits.

De-Capo's journey began at the age of just 14, and by 20 was regarded as one of the hottest producers on the rise. Sheets Therapy, will be released on De-Capo Music Group, distributed

with United Masters is the wave of a new frontier. De-Capo feels he has the right team behind him as he hopes to tap-into a world of music that matter. Industry dot connector and manager, Keith "Youngin" George II, believes Sheets Therapy is the track that will ignite a movement towards real r&b.
