

# Savvy California Real Estate Broker Robert Peters Has the Answer for Housing Interest Rate Increase

RIVERSIDE, CA, UNITED STATES, October 11, 2022 /EINPresswire.com/ -- Well-known Real Estate Broker/Target Marketing Specialist [Robert Peters](#) is once again making an indelible mark in the housing industry. This forward-thinking entrepreneur is currently working with new construction builders to help sell their custom designed inventory. This program, which is hot off the presses, is in response to the continuing increase in interest rates. It requires immediate action for the serious-minded applicant because it expires at the end of October, and the transactions need to be completed by the end of December.

According to [Forbes](#) Advisor, "Mortgage rates have doubled since the start of the year, even after registering the biggest quarterly climb in 28 years during the first quarter. While some housing experts say rates may not get much higher this year, others say it will climb further, pointing to five consecutive of increased rates through September." Many buyers find themselves in a hard place. They previously qualified for a home loan and now, because of the inflated interest rates, they no longer qualify.
