Candy Lab classes, parties, and camps teach kids how to produce culinary edible crafts. Each after-school workshop teaches a different candy and food creation. The Candy Lab offers candy-making camps for 6-12-year-olds. Kids learn how to create candy sculptures, jewelry, paintings, and mosaics in these two-hour sessions each day. Children of all ages will adore The Candy Lab whether it inspires

their inner artist or more so their sweet tooth. They can show off their creativity by producing a candy bouquet or a personalized gift.

The Candy Lab hosts candy-themed birthday parties, bachelorette parties, bridal showers, and more. It's a delightful spot for team-building or for anyone looking for a unique way to celebrate. Because not everyone can eat candy, The Candy Lab provides solutions for particular diets to ensure everyone can join in on the fun. The Candy Lab is excellent for candy lovers and party-goers alike and will take the sugar-coated fun outside the Lab if visitors prefer to throw their

party in a different locale. Making edible crafts with candy is a special and engaging way to have fun in or outside the Lab.

Visitors to the Ardmore area this holiday season will be in for a sweet treat as The Candy Lab hosts holiday candy-making weekends. Thanksgiving candy crafts will be held on November 19th, Christmas candy crafts on December 10th and 11th, and
