

# CRN Confers Triple Crown Award on Solutions II in Recognition of Remarkable IT Market Leadership

*Solutions II Showcases 30 Years of Expertise in IT Security, Managed Services, and Data Center Solutions*

LITTLETON, COLORADO, UNITED STATES OF AMERICA, October 11, 2022 /EINPresswire.com/ -- [Solutions II](#), an award-winning Solution Provider specializing in Security, IT Managed Services, Hybrid Cloud, Data Management, Infrastructure and Hybrid Maintenance solutions,

announces that CRN, a brand of The Channel Company, has named Solutions II a 2022 Triple Crown Award winner. The Triple Crown Award is reserved for those select few companies that earn a spot on all three of CRN's prestigious solution provider award lists in the same calendar

year. Now in its ninth year, the CRN Triple Crown Award spotlights top North American solution providers for displaying a tireless commitment to achieving high revenue, company growth, and unparalleled technical expertise within the IT channel.

To qualify for the CRN Triple Crown Award, companies must earn a place on CRN's Solution Provider 500, a ranking of the largest IT solution providers by revenue in North America; the Fast Growth 150, a ranking of high-growth organizations in the channel; and the Tech Elite 250, which recognizes solution providers that have

attained top-level certifications from leading technology vendors in the industry. Being chosen for even one of these prestigious lists is an honor worth celebrating but meriting a spot on all three lists in a single year demonstrates a rare combination of market leadership, client satisfaction, and technical prowess.

“

We continue to foster a culture of excellence and invest in our team to ensure our clients receive the best of the best. This award demonstrates that we are fulfilling our mission.”
