CENTER VALLEY , PA, UNITED STATES,
October 19, 2022 /EINPresswire.com/ --

Center Valley residents in need of cosmetic dentistry can find dental implants, crowns, and more from

Center Valley Dental. Patients with stained, damaged, or missing teeth can find high-quality care from Dr. Matthew Lang and his team.

CENTER VALLEY
DENTAL

Center Valley Dental offers dental implants and crowns.

[Dental implants in Center Valley](#) are the most popular service from the [Lehigh Valley dentist](#).

“

A successful dental implant treatment depends on the jawbone fusing to the implant for optimum stability.”

Dr. Matthew Lang

Dental implants replace a missing tooth root with a titanium screw and custom-made crown. The implant is durable, long-lasting, and natural-looking.

“A successful dental implant treatment depends on the jawbone fusing to the implant for optimum stability,” explains Dr. Lang. “We offer supplemental treatments like bone grafts and sinus lifts to help improve jawbone strength and treatment success.”

For patients with teeth damaged by decay, [dental crowns in Center Valley](#) are also available. A crown is a permanent covering that fits over an original tooth that is either decayed, damaged, or cracked. Crowns from Center Valley Dental use CEREC technology, a digital method that has patients achieving a smiling in a single visit. Rather than waiting three to four weeks for a crown, patients of Center Valley Dental can obtain a CEREC crown within hours.

Outside of cosmetic dentistry, Center Valley Dental also offers general and sedation dentistry. To schedule an appointment, visit <https://centervalleydental.com/request-an-appointment/>. New patients are welcome.

About Center Valley Dental: Center Valley Dental is a leading provider of cosmetic dentistry and

dental implants in Center Valley, PA. Doctor Matthew Lang offers patients high-quality and comfortable care, including sedation dentistry, dental crowns, and general dentistry. To learn more, visit <https://centervalleydental.com/>.
