The report provides an in-depth analysis of the top investment pockets, top winning strategies, drivers & opportunities, market size & estimations, competitive scenario, and wavering market trends.

Outdoor Kitchen -amr

Increase in expenditure on luxury lifestyle among people, rise in the adoption of outdoor living spaces, rapid urbanization, and improvement in the standard of living among people are expected to drive the growth of the global outdoor kitchen cabinets market. On the other hand, extortionate cost of outdoor kitchen setup is expected to hinder the growth to some extent. However, surge in the number of outdoor living projects in various homes are expected to create ample opportunities for the growth of the industry.

COVID-19 Scenario

The outbreak of COVID-19 has had a positive impact on the growth of the global outdoor kitchen cabinets market, owing to the occurrence of lockdowns in various countries across the globe. Stringent social distancing restrictions were imposed by the government in order to significantly

curb the spread of the virus during the pandemic. Thus, people were required to remain indoors, which made them to invest time and money to improve their indoor and outdoor spaces. Hence, the demand for outdoor kitchen setup surged rapidly during the pandemic. The report offers a detailed segmentation on the global outdoor kitchen cabinets market based on type, amenities, material, end-users, marketing channel and region.

Based on marketing channel, the contractors segment held the largest market share in 2020, garnering more than two-fifths of the global market. The e-commerce segment, on the other hand, is expected to cite the fastest CAGR of 6.9% during the forecast period.
