Some of the factors driving market expansion in the area include the expanding sporting events business, rising per capita income, the burgeoning middle-class population, and rising disposable income. In addition, the growing popularity of major sporting events such as the Tokyo Olympics and the Cricket World Cup, along with rising digitization in China and India, further fuel market

expansion.

The market is expected to have plenty of opportunities due to the widespread acceptance of digital tickets and the expanding use of smartphones worldwide. However, during the

anticipated timeframe, market development is anticipated to be constrained by the unpredictability of ticket pricing and a lack of price management.

According to the sports events market analysis, the sports events market is segmented into revenue source, age group and region.

The basis of revenue source, the tickets segment was the significant contributor to the market, with \$63,865.1 million in 2021, and is estimated to reach \$202,205.6 million by 2031, at a CAGR of 10.0% during the forecast period. A ticket is a voucher that indicates that an individual is entitled to admission to sports event. Digital tickets and online printable tickets, and paper tickets are majorly used forms of the sports event tickets. Online tickets for sports events has been gaining huge popularity owing to its convenience offered and hassle free payment getaways. Digital ticketing creating the high level of transparency, which is expected to reduce the black ticketing practices. Thus, above mentioned factors are projected to spur the sports events market growth during the forecast period.

The basis of age group, below 20 years segment was the significant contributor to the market and is estimated to reach \$202,323.8 million by 2031, at a CAGR of 10.3% during the forecast period. The below 20 years segment includes the children, and are open to new learning and enthusiast to take up challenges & thrilling activities. Numerous school & college students attain various sporting events through schools and individually. Increase in participation of the kids and children in sports activities is likely to generate more interest in viewing live sports. Thus, below 20 years segment is growing at significant CAGR during the forecast period.

Region wise, North America garnered the major sports events market share in 2021, and is expected to maintain its market share throughout Sports events market forecast period. In 2020, North America had the highest revenue share of more than 50%. The main driver of regional growth is the rise in viewership for sports other than football in United States. With well-known clubs like the Bulls, Cavaliers, 76ers, Raptors, Mavericks, Warriors, Trail Blazers, and NY Knicks, football is the most watched sport in the area. The games are watched by a sizable audience both offline and online. In 2018, 851 824 people watched the Bulls on ESPN, and 843 042 people watched the Cavaliers.
