Weekend matinees offer No Actor-No Scare tours to see the sets, sounds, and illusions that have made Erebus one of the top haunted attractions in the world

PONTIAC, MICHIGAN, UNITED STATES, October 12, 2022 /EINPresswire.com/ -- Ever wondered what goes on inside the scenes at one of the world’s most famous haunted attractions? [Erebus Haunted Attraction](#) today announced the launch of a series of limited-capacity family-friendly no-scare weekend matinee tours called Erebus “fun without fear”.

Erebus Haunted Attraction consistently ranks as one of the top haunted attractions in the world.

For the first time ever, guests will receive a non-scary view of the scenes, sounds, illusions, and artistic development that create spine-tingling chills, thrills, and the fright-fest of electrifying hair-raising, skin-crawling sensory assaults that have made Erebus famous. Guests will receive a no-scare tour exploring Erebus’ indoor, half-mile four-story labyrinth.

“

For years, people have told us they’ve heard our commercials, seen our spotlights and billboards, and want to experience Erebus without fear and see what happens without the scare.”

Ed Terebus

“Erebus is known for its intensity and size, where creatures grab you, bite you, attack you and then bury you alive. We’ve had haunted house operators from across the state and around the globe travel to Erebus for a look at our set design, animatronics, illusions, and special effects. Over the years, we’ve had people tell us they’ve heard our

commercials, seen our spotlights and billboards, and want to experience Erebus without fear and see what happens without the scare. Now, for the first time ever, we’re making that opportunity available to the public on specific weekend days through the end of October,” stated Erebus co-owner Ed Terebus.

No Actor tours will take place on October 15, 16, 22, 23, 29, and 30. A limited number of tickets are available and can be purchased online at www.hauntedpontiac.com for \$15 each plus a \$3.99 service fee.
