

# Affordable Dental Implants Available in Bethlehem from DICE Dental

*DICE Dental offers affordable implants for Bethlehem Township residents.*

BETHLEHEM, PA, UNITED STATES, October 25, 2022 /EINPresswire.com/ -- Residents of Bethlehem Township in need of dental implants can find one at

DICE Dental. A dental implant helps replace a missing tooth root, remediating the issues caused by missing teeth, including jawbone atrophy, pain, and possible infection.

DICE Dental offers dental implants, dentures, extractions, and crowns in Bethlehem, PA

During a dental implant procedure, a titanium screw is surgically embedded into the jawbone.

“

Dental implants do an amazing job of restoring the appearance of a patient’s smile and getting them out of pain caused by tooth decay.”

*Dr. Matthew Lang*

Over several weeks, the jawbone fuses to the screw to provide support and stability. Then, a color-matched crown is placed over the screw to add a more natural finish.

“Dental implants do an amazing job of restoring the appearance of a patient’s smile and getting them out of pain caused by tooth decay,” says Dr. Matthew Lang of DICE Dental.

[Dental implants in Bethlehem](#) start at only \$750. This low price is extended to all patients whether or not they have dental insurance.

Dentures are another popular service offered by Dr. Lang and his team. [Dentures in Bethlehem](#) start at only \$499. Conventional and implant-retained dentures are both available.
