Years passed and life seemed normal. We continued to camp, fish, go on long walks, and do all the family things- birthdays, holidays, barbeques, and even multiple trips to Disneyland.”

Kay Thomson

“Years passed and life seemed normal. We continued to camp, fish, go on long walks, and do all the family things- birthdays, holidays, barbeques, and even multiple trips to Disneyland. My husband just became a little slower as the months passed.”

— Excerpt from Finding JOY in the Midst of Grief

This memoir walks readers into the tunnel of grief and the author's stages of mourning and moving on after having lost her husband. Growing up in a humble Christian home in New Jersey and having a father who pastored the First United Methodist Church, Thomson believes that God does not allow things to happen without a reason and that the pain of losing her husband may be unimaginable, but God will always protect her and promises her a brighter tomorrow.

“It is not easy to accept life when God takes something cherished from your grasp. As you read through the pages and the pathway traveled, you will find that God does not punish us; rather, He opens our hands and hearts to receive what He has for those of us who remain until our own

journey comes to an end.”
