*Orlando, FL Based Zigong Lantern Group Partners with World Famous UK Attraction Park, Gulliver's Land, to install UK's most Magical Lantern Experience*

ORLANDO, FL, USA, October 13, 2022 /EINPresswire.com/ -- The only American owned lantern arts company, [Zigong Lantern Group](#), an Orlando FL, based company, has picked up another, major worldwide project. This time, Zigong Lantern Group partners with Gulliver's Land Theme Park, a major family attraction park, located in the United Kingdom. Gulliver's Land operates 4 major attraction parks throughout the UK, declaring Milton Keynes location to be the site for UK's most magical lights experience, called Land of Lights. The festival exhibition will begin in November 2022, until February 2023.

Land of Lights was meticulously custom designed by the creative people of Gulliver's Land and Zigong Lantern Group. This process took several months of full-time dedication and creative ability. These oversized lamps that will illuminate Gulliver's Land in Milton Keynes, are handcrafted works of art, that require hundreds of welders, electricians, silk placement specialists, engineers, installation crews, complex logistics, graphic designers, and fine detailed artists. These handcrafted lamps range in size, with many different themes, powered by LED, with a delicate silk exterior, and hundreds of different colors.

Chief of the Board & CEO of Zigong Lantern Group, Justin Corsa said, "This project was certainly not easy, as both sides were incredibly determined to custom design and produce an
