Bruno Navarro

Bruno is a non-executive director at GAMA Enerji A.Ş. in Ankara, Turkey. He is the Founder and Managing Director of Ipso Facto Ltd, an expert consultancy in Abu Dhabi dedicated to companies in distress and creditors faced

with unsustainable debt. In prior years, Bruno served on three boards in China and Colombia that were joint ventures between the International Finance Corporation and major financial institutions. He was a senior advisor to Rothschild & Co, the Executive Vice President and Head of Asset Recovery Management for Abu Dhabi Islamic Bank, and the Executive Vice President and Head of Special Assets and Restructuring Department for Abu Dhabi Commercial Bank. He spent over sixteen years working for the International Finance Corporation, last holding the position of Global Head, Distressed Assets and Chief, Special Operations. Bruno's work history extends across Europe, the Middle East, Asia, and Latin America. He earned his Diplôme d'études approfondies, Master's in Finance, and his undergraduate degree in Economics from Université Paris Nanterre.

"Bruno's global experience, senior executive responsibilities, and board service as an IFC Nominee Director make him an ideal graduate of our programs," said David R. Koenig, President and Chief Executive Officer of the DCRO Institute. "With such robust, practical experience, and a

global perspective, augmented by a positive perspective on risk governance, he will surely add substantial value to his future board and advisory roles. We're glad to count him among our graduates," he continued.

"This is a best-in-class program for Non-Executive Directors and risk people at large," said Mr. Navarro. "It is essential training for beginners, critical for seasoned directors, and an eye-opener for better governance."

The Certificate in Risk Governance® is awarded to those who have completed The Board Members' Course on Risk® - an intensive 17-course education program and evaluation. The curriculum is designed for current and

No course on risk for board members as robust as this - depth, practicality, and global expertise - exists anywhere else.
