ViitorCloud Technologies wins Best Enterprise of the Year (Technology) award during MSME India Business Convention, 2022

Leading Innovative Digital and Software Product Engineering Company in India recognized with a prestigious award.

NEW DELHI, INDIA, October 15, 2022 /EINPresswire.com/ -- ViitorCloud Technologies has been named as the 'Best Enterprise of the Year (Technology)' award during MSME India Business Convention, 2022. The award recognizes the efforts of the micro, small and medium organizations where innovation is at the heart of operations and have performed in alignment with the recent wave of innovation in the technology space.

> This award is an acknowledgement of every individual's performance and contribution towards client success and partner success at ViitorCloud"
>
> *Rohit Purohit – CEO, ViitorCloud Technologies*

The award recognizes companies that demonstrate new developments and sustain innovations in technology. It is a moment of fulfillment and excitement for everyone at ViitorCloud to receive yet another prestigious award in addition of being recognized as 'Small Enterprise of the Year', 'Top AR Game Development Companies', 'Best Tech Team of the Year', and 'The 10 Most Reliable AR VR Solution Providers', during the previous year.

Vishal Rajpurohit, CTO of ViitorCloud, received the award during the 2nd edition of the MSME India Business Convention held on 15th October 2022 at The Leela Ambience Convention Hotel, New Delhi. Sharing the winning moments on the stage, Vishal said, 'this recognition goes to each and every employee who has worked a day in and day-out to make the company well recognizable brands in India. Special thanks to clients, who trusted ViitorCloud for the success of their digital transformation journey and provided continuous opportunities to perform'.
