

Interventional Radiology Market Estimated at US\$ 35,547.3 Mn with a CAGR of 6.5% By 2028 | Siemens Healthineers AG

Interventional radiology is medical subspecialty of radiology using minimally-invasive image-guided procedures to treat diseases in nearly every organ system.

SEATTLE, WASHINGTON, UNITED STATES, October 17, 2022

/EINPresswire.com/ -- The new report from Coherent Market Insights, titled “Global [Interventional Radiology Market](#) Size, Share, Price, Trends, Growth, Report and Forecast 2022-2028,” offers a detailed analysis of the global Interventional Radiology market.

The report evaluates the market based on demand, application information, price trends, historical and projected market data, and company shares of the top industries by geography. The study looks at the most recent changes in the market and how they may affect other industries. Along with analysing market dynamics, significant demand and price indicators, and the SWOT and Porter’s Five Forces models, it also conducts a market analysis.

Interventional Radiology Market Growth

The global interventional radiology market was valued at US\$ 22,849.9 Mn in 2021 and is forecast to reach a value of US\$ 35,547.3 Mn by 2028 at a CAGR of 6.5% between 2022 and 2028.

In order to provide a feasibility assessment, manufacturing cost structures, and service offerings, this new global Interventional Radiology market study uses in-depth industry intelligence. We have highly skilled researchers and analysts that are committed to providing superior analyses and plans to hasten the Interventional Radiology industry’s expansion on a global scale. Major

players active in the global Interventional Radiology market are also covered in this study along with company information, latest developments, revenue, mergers and acquisitions, and expansion plans. Segmentation of the market by product type, application, and geographic location is also covered in research reports, along with regional market sizes for each kind and application.

Report Scope:

The Interventional Radiology market report offers an in-depth analysis of market size at the global, regional, and national levels, market growth by segment, share, competitive landscape, sales analysis, the effects of domestic and international market players, value chain optimization, trade regulations, recent developments, opportunity analysis, strategic market growth analysis, product launches, regional marketplace expansion, and technological innovations over the course of the forecast period. A complete cost analysis and supplier chain are also included in the report. The product's performance will be further enhanced through technology, enabling it to be used in more downstream applications. Additionally, a detailed understanding of consumer behaviour and market dynamics is necessary to comprehend the Interventional Radiology industry (drivers, restraints, and opportunities).

Competitive Scenario:

The Competitive Scenario offers a forecast study of the various business expansion tactics used by the competitors. The news stories covered in this part provide insightful information at various stages while staying current with business and involving stakeholders in the economic discussion. The competitive environment includes press releases or news of the businesses categorised as Merger & Acquisition, Agreement, Collaboration, and Partnership, New Product Launch and Enhancement, Investment & Funding, and Award, Recognition, and Expansion. The information gathered from all the news sources enables the vendor to identify market insufficiencies and rivals' strengths and weaknesses, giving them information they may use to improve their goods and services.

Key Companies: Siemens Healthineers AG, Shimadzu Corporation, Koninklijke Philips, Hologic, Inc., Fujifilm holdings corporation, Esaote SPA, Carestream Health, Samsung Medison (Samsung Electronics Co. Ltd), and Canon Inc. (Canon Medical Systems Corporation)

Regional Analysis:

Global Interventional Radiology Market, By Product:

MRI Systems

Ultrasound Imaging Systems

CT Scanners

Angiography Systems

Fluoroscopy Systems
Biopsy Devices
Other Products

Global Interventional Radiology Market, By Application:

Cardiology
Urology and Nephrology
Oncology
Gastroenterology
Other Applications

Geographical Regions:

- » North America: United States, Canada, and Mexico
- » South America & Central America: Argentina, Chile, Brazil and Others
- » Middle East & Africa: Saudi Arabia, UAE, Israel, Turkey, Egypt, South Africa & Rest of MEA.
- » Europe: UK, France, Italy, Germany, Spain, BeNeLux, Russia, NORDIC Nations and Rest of Europe.
- » Asia-Pacific: India, China, Japan, South Korea, Indonesia, Thailand, Singapore, Australia and Rest of APAC.

It offers growth rates for important manufacturers active in the global market for Interventional Radiology. Additionally, it provides production and capacity analysis, where marketing pricing trends, production value, and capacity of the global Interventional Radiology industry are covered.

Key Challenges:

The Interventional Radiology Market is primarily driven by a few key reasons, such as rising product appeal among consumers, successful marketing tactics in opportunities, and significant financial investments in product development. Industries are also attempting to supply the market with the appropriate number of products in order to meet the growing demand.

Key Opportunities:

Easy availability to replacements is one of the challenges facing the Interventional Radiology market. Another barrier in the market is the low cost of alternatives. However, firms intend to overcome this obstacle by using cutting-edge technology and managing prices, which will subsequently boost product demand. Moreover, in order for market participants to minimise

dangers, alter their plans, and carry on with operations, researchers have also highlighted major hurdles for them. By doing this, companies will be able to properly manage their resources without sacrificing product quality or timely market delivery.

□□□□□□□□ □□□□□□□□□□□□:

The research methodology employs a combination of primary and secondary studies as well as expert panel reviews. Press releases, yearly reports, and academic articles are examples of sources used for secondary research in the sector. Trade periodicals, official blogs, and business magazines are other sources. Porter's Five Factors analysis, which outlines the five forces in the global market (bargaining power of the buyer, supplier, new competitors, substitutes, and degree of competition), is included in the study. The financial statements of all the major players are examined, together with their important trends, product benchmarking, and SWOT analysis, by analysts.

□□□ □□□□□□ □□□□□□□□□□ & □□□□□□□□□□□□:

- In which appropriate, authenticated market size information and data in terms of value and volume with statistically validated analyses of historical, current, and projected industry trends.
- The industry's primary and indirect influencing factors, as well as anticipated future industry-related rationales.
- Historical and Current Demand (Consumption) and Supply (Production) Scenarios as well as Projected Supply-Demand Scenario Analysis.
- A thorough list of important customers and consumers, broken down by regions and applications.
- Supply chain and value chain analysis, as well as scenarios for horizontal and vertical integration.
- Overview of the most important marketing tactics and sales channels used in the market.
- Analysis of the manufacturing and production cost structure, including labour cost, raw material costs, and other manufacturing expenses, where applicable.

□□□:

- What is the projected market size & growth rate of the Interventional Radiology Market?
- What are the main driving forces behind the Interventional Radiology Market's expansion?
- What are the leading companies present in the Interventional Radiology Market?
- Which market segments does the Interventional Radiology Market cover?
- During the forecast period, which region or sub-segment is anticipated to lead the market?

□□□□ □□□□□ □□□ □□□□□□□□:

Chapter 1: Interventional Radiology Market Overview, Product Overview, Market Segmentation, Market Overview of Regions, Market Dynamics, Limitations, Opportunities and Industry News and Policies.
 Chapter 2: Interventional Radiology Industry Chain Analysis, Upstream Raw Material Suppliers, Major Players, Production Process Analysis, Cost Analysis, Market Channels, and Major Downstream Buyers.
 Chapter 3: Value Analysis, Production, Growth Rate and Price Analysis by Type of Interventional Radiology.
 Chapter 4: Downstream Characteristics, Consumption and Market Share by Application of Interventional Radiology.
 Chapter 5: Production Volume, Price, Gross Margin, and Revenue (\$) of Interventional Radiology by Regions.
 Chapter 6: Interventional Radiology Production, Consumption, Export, and Import by Regions.
 Chapter 7: Interventional Radiology Market Status and SWOT Analysis by Regions.
 Chapter 8: Competitive Landscape, Product Introduction, Company Profiles, Market Distribution Status by Players of Interventional Radiology.
 Chapter 9: Interventional Radiology Market Analysis and Forecast by Type and Application.
 Chapter 10: Interventional Radiology Market Analysis and Forecast by Regions.
 Chapter 11: Interventional Radiology Industry Characteristics, Key Factors, New Entrants SWOT Analysis, Investment Feasibility Analysis.
 Chapter 12: Interventional Radiology Market Conclusion of the Whole Report.
