

Tovuti LMS Earns a Coveted 2022 Tech Cares Award From TrustRadius

EAGLE, IDAHO, UNITED STATES, October 17, 2022 /EINPresswire.com/ -- [Tovuti LMS](#), the adaptive, people-first [Learning Management System \(LMS\)](#), announced that TrustRadius, the most trusted research and review platform, has recognized Tovuti with a 2022 Tech Cares Award. This third-annual award celebrates companies that have gone above and beyond to provide impactful corporate social responsibility (CSR) programs for their employees and surrounding communities.

“Tovuti has earned a 2022 Tech Cares award for demonstrating a substantial commitment to corporate social responsibility, specifically when it comes to the special needs community,” said Megan Headley, VP of Research at TrustRadius. “Driven by CEO and founder Troy McClain, Tovuti consistently acts on its mission to inspire, uplift, and serve. Troy is an active and inspirational coach on the Buddy Cruise, an annual event that provides much-needed community and education for special needs individuals and their families.”

“

I am humbled to serve as the CEO and founder of a global learning brand that is driven by an incredible team of cause-driven go-givers.”

Tovuti CEO and Founder, Troy McClain

McClain founded Tovuti LMS in part to help teach and challenge his sister who is profoundly deaf and has learning disabilities.

“My youngest sister is blessed with special needs and has the unique ability to hear others with her heart,” said McClain. “I began my business career in training because I was inspired by her ability to communicate in non-traditional methods. As a result, accessibility features have been part of the Tovuti platform since day one.”

To be accepted for the TrustRadius Tech Cares Award, each nominated organization had to be a B2B technology company that demonstrated impactful CSR initiatives in one of the following categories; volunteerism, diversity, equity, and inclusion programs, charitable donations and fundraising, support for in-office and remote employees, or environmental sustainability initiatives. Everyone was welcome to nominate an organization for this award, including those

who work for or with the company. All nominations were thoroughly vetted by the TrustRadius research team, and supporting proof was provided by the nominated.

"I am humbled to serve as the CEO and founder of a global learning brand that is driven by an incredible team of cause-driven go-givers," added McClain.
