The history of Nevera Juice Bars began when Salvador fell ill to Ulcerative Colitis. After a ten-year struggle that included surgeries and hospital stays, Salvador and his family discovered a holistic physician who introduced him to the healing powers of plants and healthy eating. Soon, Salvador was soon healed of the Colitis. He wanted others to experience the miraculous benefit of a healthy lifestyle so on February 26, 2009, he opened Nevera Juice Bar in Montebello, CA.

Salvador embarked on his journey to healthy living and invited others to do the same by serving handcrafted juices and other natural whole food creations. Over the course of the next ten years, Locations were opened in Fresno, Downey, and most recently, in Whittier.

"We have a great team at Nevera," Salvador informed. "We are all passionate about encouraging our customers to eat healthy and to get the most out of life. We believe in power of the ripple effect so by influencing one single person, we reach the world."
