SYNOPSIS: An insidious conspiracy threatens the governance of nations worldwide. The evidence is subtle at first. As the layers are peeled back, however, a picture of politico-economic and social manipulation on an unimaginable scale begins to take shape.

Ex-Navy Seal and NSA intelligence agent Mac Sisco is given limited resources and a seemingly impossible task: to strike a crippling blow before it's too late. Can Team Apogee stem a tide of evil set in motion by a shadowy cabal that has been planning and executing its strategy for over half a century?
