

# Secrets of Her Success from “Powerless to Empress’

HARRISVILLE, NH, UNITED STATES, October 25, 2022 /EINPresswire.com/ -- Registered Nurse, Debbie Page, Becomes Widowed and Inherits a 129-Year-Old Wire Mesh Fencing Company—Louis E. Page Inc.—as the FIRST Female Founder who Also Drives Revenue up By 45% AND Creates A Second Business Empowering Women.

It’s a common speed-bump for many mothers—becoming unexpectedly divorced or widowed can abruptly knock any mother off of her life’s vision and leave her with more questions than answers. Such is the case for Debra Page who studied and worked as a Registered Nurse and Lactation Consultant until she became widowed

and inherited her husband’s 129-year-old Wire Mesh Fencing Company Louis E. Page, which had been exclusively run by the patriarchs in her family’s legacy and then landed in her hands.

Page not only embarked on a powerful journey of self-exploration and strength, but also untapped the keys to success. From driving the company toward unprecedented revenue growth by 45%, Page did not stop there. Her emotional journey and triumph propelled a personal mission to guide women and mothers, much like herself, to unleash their greatest potential by launching ‘The Inspired Mom Global Summit,’ becoming the Founder and President of ‘Woman Emerged,’ Creator of the ‘High Five I Am Program,’ and so much more.

“I am so glad to be alive! Today is the best day of my life because I know more today than yesterday, and I love more today than yesterday.” – Debbie Page

Take a closer look at how Page managed to turn life’s lemons into an empire, directly from Page’s

playbook of success.

## USE YOUR VIBE TO ATTRACT YOUR TRIBE

You will attract some and repel others—and that's precisely what you want to do! Life is as fun and exciting as you make it; it's your moment. See it with your mind, seize it with your heart and watch the momentum grow as the opportunities abound. You can create and grow a business and have fun simultaneously.

Work on your vision for your company, put it to a familiar tune, and march around singing it every morning. And sing your CEO ABCs. I say out loud, "I AM a 4-million-dollar company."

We believe in the joy and strength that the outdoor world brings to people and their communities... Our commitment to Louis E. Page is born out of our enthusiasm and zest to serve others.”

## KNOW THE CEO ABCs

Grit, determination and luck are the defining keys to success. As Bob Proctor says, "if you can think it in your mind, you can hold it in your hand." Think big, NO... think bigger and know your CEO ABCs!

"C"ontent is the Golden King

"E"ngagement is the Effervescent Empress

"O"pportunities Are Knocking©.

So, as Ceo:

Always

Be

Daily

Engaging

High Fives  
Investing harder in yourself than in your business

## PRODUCTIVITY YIELDS IMPACT

Learn to be effective daily. What is the one thing that will make a significant impact on your business if you do it today? I kept myself in the comfort zone of efficiency and tasks for many years. “I got that one done. Check that off.” Now, I am continually learning to eliminate or delegate almost every one of those items. Troy Broussard teaches that being effective as the leader of your company is much more important than being efficient. Hire out efficiency so you can create content daily and engage your tribe. You must continually create content, campaigns, challenges, product lines, and possibilities that engage your audience and create raving fans.

Be creative, be your unique self. As you create content, let your personality sing and dance.

“Find your rhythm—it is uniquely yours. You are writing your song, composing your symphony, and choreographing your dance. Celebrate, share, and enjoy.©” – Page
