He encounters four men on a prison break

and discovers the scarring things that the group has done. Carlton then goes through a traumatic experience that leads him to wake up in a strange place with absolutely no idea of his identity nor of any memory of his past. As a classic Tawnee Chasny fiction, the author peppers the book with a blend of a gripping tale and a hint of mysticism.

Anthony Avina of Pacific Book Review speaks highly about the book. "A memorable, entertaining, and powerful character-driven narrative, author Tawnee Chasny's "Carlton: Down Sized," is a must-read fictional tale like no other. The author creates a protagonist with a memorable and interesting character arc, and by the book's end readers will be clamoring to read about how Carlton's story wraps up."

The author of this nerve-racking and incredibly written fictional tale is Donna Chasny. She was an excellent aerospace engineering teacher. Even though Donna has passed on to the world beyond, her name continues to be celebrated in the literary world through the fervent efforts of her husband Kennar. Donna has also written other stories and books, including "Ting!"

"Carlton: Down Sized" and other Donna "Tawnee" Chasny's works are available on Amazon and on her website, <https://authordonnachasny.com/>.
