

The Pump House Announces Pentair Pentek Intellidrive™ Water Pressure Control Center

*Pentair Introduces Pentek Intellidrive:
Constant Pressure Controller*

RICHMOND HILL, ONTARIO, CANADA, November 1, 2022 /EINPresswire.com/ -- The Pump House announces Pentair's release of its newest offering, the Pentair Pentek Intellidrive™ Water Pressure Control Center. With smart gadgets proving useful in almost every aspect of our daily lives, Pentair Pentek Intellidrive gives complete control of the well water system with most mobile devices.

This pressure controller monitors the home's submersible, or above-ground well pumps 24/7 using the Pentair Home App. This has the ability to optimize the water pressure in showers, dishwashers, and lawn sprinklers. It automatically adjusts itself to deliver the water with the right pressure for every use.

Below are a few of Pentek's Intellidrive key features:

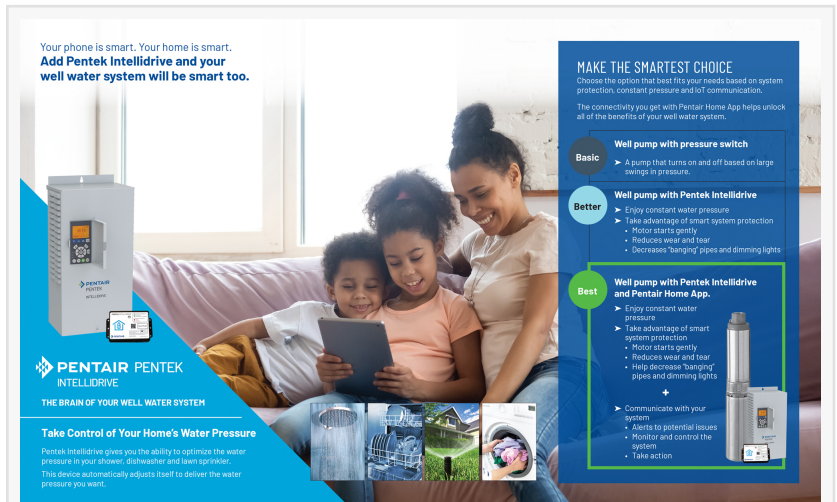

Status - displays the system's status and allows drive the settings remotely

Pressure - enables control of the pressure anytime

Fault Condition - it alerts of any potential issues

Internet Connection - connects and notifies of its status

Connect with a Professional - connect easily with customer support for any concerns

Your phone is smart. Your home is smart.
Add Pentek Intellidrive and your well water system will be smart too.

PENTAIR PENTEK INTELLIDRIVE
THE BRAIN OF YOUR WELL WATER SYSTEM

Take Control of Your Home's Water Pressure
Pentek Intellidrive gives you the ability to optimize the water pressure in your shower, dishwasher and lawn sprinklers. This device automatically adjusts itself to deliver the water pressure you want.

MAKE THE SMARTEST CHOICE
Choose the option that best fits your needs based on system protection, constant pressure and IoT communication. The connectivity you get with Pentair Home App helps unlock all of the benefits of your well water system.

Basic	Better	Best
Well pump with pressure switch ➤ A pump that turns on and off based on large swings in pressure.	Well pump with Pentek Intellidrive ➤ Enjoy constant water pressure ➤ Take advantage of smart system protection ➤ Motor starts gently ➤ Reduces wear and tear ➤ Decreases "hanging" pipes and dimming lights	Well pump with Pentek Intellidrive and Pentair Home App. ➤ Enjoy constant water pressure ➤ Take advantage of smart system protection ➤ Motor starts gently ➤ Reduces wear and tear ➤ Help decrease "hanging" pipes and dimming lights

➤ Communicate with your system
➤ Alerts to potential issues
➤ Monitor and control the system

The Pump House - Your One Stop Pump Shop

This is the ideal device for constant water pressure. This means that the water pressure in the shower won't be affected when someone uses the dishwasher. In addition, fluctuations in pressure can sometimes happen. When the pressure drops, the device has an electronic pressure transducer that alerts the drive to speed up the pump motor to increase the water volume going into any home.

This equal pressure will be noticeable and also applies outside of any house. Any sprinkler system will perform at its best. This makes it an ideal device for people who enjoy a lush, green lawn and landscaping. The constant pressure assures full sprinkling coverage.

Pentek Intellidrive is the intelligent choice for any well water system, thanks to its advanced technology. Installation is fast and easy. It is equipped with an LCD Information Center that operates with an easy touchpad, communicates in words instead of light codes, which can be confusing.

This device has state-of-the-art controls that take the guesswork out of controlling and monitoring a home well system's pressure outputs. It has a ground detection feature that notifies about any grounding problems. Its multiple accessory inputs allow additional inputs of numerous devices that will work simultaneously. With this device, pressure cycling is eliminated. This helps prolong the life of any pump and motor.
