

How to Take First Steps in Trading with FBS

FBS, an acknowledged international broker, released an educational campaign to help people with little financial knowledge take their first steps in trading.

THAILAND, October 19, 2022

/EINPresswire.com/ -- The campaign started after one of the FBS traders from Thailand, Piriya Attasart, achieved high results in trading for only two years. The trader admits that this success happens due to learning tools and materials the broker provides its clients with.

The right attitude and learning paid off

Piriya Attasart, 57, came to trade with FBS during COVID-19 when her real estate company faced difficulties due to the lockdown. Within only two years of learning and practicing, Piriya showed excellent results and even won the Tesla car in the broker's birthday promotion.

Piriya entered the world of trading with FBS following her friend's advice. She dived deep into FBS educational materials that are free and available for everybody on the FBS official website.

The educational materials helped Piriya to understand the market, learn to analyze it, minimize risks, and become a profitable trader.

FBS helps and guides

Acknowledged as a reliable broker, FBS not only emphasizes the significance of trading education but assists its clients in it.
