Key Trends In The HER2 Inhibitors Market

According to the HER2 inhibitors market research, biotechnology companies are focusing on acquiring or partnering with biopharmaceutical companies to develop and promote the market. There have been several partnerships in recent years which help these companies to increase their HER-2 inhibitors portfolio, enhance their revenues and share the costs. For instance, in June 2020, Alphamab Oncology, a biotechnology company, collaborated with Sanofi, a pharmaceutical company, for investigating KN026 in combination with other drugs for the treatment of HER2 breast cancer. KN026 is a HER2 inhibitor developed by Alphamab Oncology.

Overview Of The HER2 Inhibitors Market

The HER2 inhibitors market consists of sales of HER2 inhibitors and related services by entities (organizations, sole traders, and partnerships) that manufacture HER2 inhibitors. Human epidermal growth factor receptor (HER2) inhibitors slow down or stop cell growth thus reducing the risk of cancer growth.
