Sorbates Global Market Report 2022: Market Size,  
Trends, And Forecast To 2026

As per The Business Research Company's "Sorbates Global Market Report 2022", the sorbates market share is predicted to grow from \$230.41 million in 2021 to \$242.93 million in 2022 at a compound annual growth rate (CAGR) of 5.40%. The growth in the sorbates market is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The sorbates market is expected to reach \$308.45 million in 2026 at a CAGR of 6.20%. According to our sorbates market analysis, an increase in the consumption of processed food across the globe is driving the growth of the sorbates market.

## [Key Trends In The Sorbates Market](#)

Players in the sorbates market are focusing on the development of new technologies and new sorbates market trends to cope with market challenges. Sorbate is important preservative in food products, but these compounds can also have genotoxic effects, causing health risks to their consumers. Hence to determine the concentrations of sorbate in food items such as mustard, ketchup, and tomato sauce, players are developing new techniques.

## [Sorbates Market Overview](#)

The sorbates market consists of sales of sorbates by entities (organizations, sole traders, and

partnerships) that are easily soluble in water and protect the food from a wide spectrum of microorganisms including food-borne pathogens. Sorbates are esters and salts that are produced using sorbic acid. Sorbates are used as preservatives in pharmaceuticals, food, cosmetics, detergents, and feed.
