BOSTON, MASSACHUSETTS, UNITED STATES, October 20, 2022

/EINPresswire.com/ -- United Planet's Global Ambassadors advocate for United Planet's mission of creating a global community, one relationship at a time, in order to bring about a more sustainable, peaceful, and united planet. The United Planet Global Ambassador Program was developed by Sunny Ng, Animesh Hore, and Amber Cher as members of the Tokyo Chapter of Harvard Business School Online (HBS Online) under the leadership of Emi Shitara and Hiroki Yamashita, HBS Online Tokyo Chapter Co-Organizers.

HBS Online teamed up with United Planet for the third-annual Community Challenge and tasked their Community with crafting business plans to improve the reach and scale of United Planet global project-based classroom to classroom virtual exchange program. The Tokyo Chapter winning proposal detailed nearly 100 pages of strategies for implementing United Planet's virtual exchange program in Japan, Indonesia, the Philippines, China, and India, suggestions for innovative technology use, and a multifaceted marketing plan. HBS Online has educated 100,000-plus learners from more than 175 countries and has 34 global chapters.
