Aviation Insurance Market : Top Players American International Group, Inc. AXA BWI Aviation Insurance

PORTLAND, OREGON, UNITED STATES, October 20, 2022 /EINPresswire.com/ -- Allied Market Research published a report, titled, "[Aviation Insurance Market](#) by Insurance Type (Public Liability Insurance, Passenger Liability Insurance, Combined Single Limit (CSL), In-Flight Insurance, and Others) and Application (Commercial Aviation, General & Business Aviation and Others): Global Opportunity Analysis and Industry Forecast, 2021–2030." According to the report, the global aviation insurance industry generated \$3.43 billion in 2021, and is anticipated to generate \$5.75 billion by 2030, witnessing a CAGR of 5.6% from 2021 to 2030.

Prime determinants of growth

Rise in air passenger traffic and increase in government rules & regulations for passenger safety drive the growth of the global aviation insurance market. However, costly aviation insurance premium and increase in frequency and cost of claims hinder the market growth. On the other hand, surge in number of international airlines presents new opportunities in the coming years.

Covid-19 Scenario

The outbreak of the Covid-19 pandemic has a significant impact on the growth of the aviation insurance market size, mainly owing to large, well-documented claims from original equipment manufacturers (OEMs) in the aerospace division.

Moreover, a steady rise in passenger traffic led to an increase in government rules & regulations for passenger safety.

However, the reduced airline activity during the pandemic hampered the aviation insurance market as airline premiums are generally assessed according to hours flown. The global aviation premiums collected were down by an estimated 25% in 2020 as compared to 2019.

Leading Market Players:-

American International Group, Inc.
AXA
BWI Aviation Insurance
EAA
Global Aerospace, Inc.
Tokio Marine HCC
Travers & Associates Aviation Insurance Agency, LLC
