Plummer said HSO doesn't cover up skin conditions.

"Our products contain HSO which is made up of mostly omega fatty acids and are known for their skin health benefits," she said.

Byrdie.com lists several HSO skincare health benefits, including:

- 1) Omega acids help repair the skin barrier and lock in moisture, keeping skin hydrated.
- 2) Reduces inflammation.
- 3) Attracts moisture.
- 4) Omega acids soothe skin.
