software

Smartcare Software provides a complete Electronic Medical Record (EMR) and business automation platform for home care.

We look forward to sharing how technology solutions like Smartcare's true all-in-one platform are changing the way home care providers tackle everyday challenges."

Kristin Cummins, National Sales Director at Smartcare Software

Smartcare is laser-focused on solving home care's biggest challenges – like finding, hiring, and retaining caregivers – using innovative technology designed to improve the operations of providers and caregivers. From advanced caregiver matching to next-generation machine learning, Smartcare is dedicated to delivering excellent care at affordable costs.

"We are looking forward to connecting with our industry colleagues and sharing how innovative technology solutions like Smartcare's true all-in-one platform are changing the way home care providers tackle everyday

challenges while turbo-charging their businesses," said Kristin Cummins, National Sales Director at Smartcare Software.

With the industry's first gamification model proven to increase caregiver retention, a dynamic scheduling tool packed with features to manage caregivers efficiently, and an integrated hiring platform to help attract and hire top talent, Smartcare Software is an all-in-one home care software at an affordable price.

See for yourself at NAHC Booth #509 how Smartcare Software can help your caregivers — and your business — thrive.
