

Silver Lining Unveils 2 Art Collections By Global Artists In A Metaverse Virtual Art Exhibition

22 global artists to tell the stories of small business owners around the world through their art

NEW YORK, NY, USA, October 21, 2022 /EINPresswire.com/ -- Silver Lining's Small Business Artist Program was launched with the mission to spark conversations and combat the injustice, bias, and discrimination that small business owners from marginalized communities face through the universal language of art. As part of that mission, Silver Lining has partnered with JPMorgan Chase and GoDaddy to produce the Global Collection and Wells Fargo to produce the State of Small Business in America Collection.

These two collections will be revealed to the public for the first time in a virtual art festival on Thursday, October 27, 2022 from 7PM-PM EST. The festival will bring artists and audiences from all parts of the world together to interact and talk about their art in the metaverse.

The event is open to all for attendance, to learn and talk about the beautiful stories of global small business owners, who collectively have a major impact on our economies.
