

BOSS Audio Adds Two New Large Screen Floating Head Units; Featured During 2022 SEMA Show

The 11-Inch the BE11ACP and 14-Inch BE14ACP Include Bluetooth-Enabled Apple CarPlay & Android Auto Compatibility

OXNARD, CA, USA, October 25, 2022 /EINPresswire.com/ -- [BOSS Audio Systems](https://www.bossaudio.com) (www.bossaudio.com), a leader and innovator in 12 Volt aftermarket audio and video products, is proud to announce its new 11-inch and 14-inch single-DIN, mech-less, Apple CarPlay & Android Auto compatible floating source units. The BE11ACP (11-inch) and BE14ACP (14-inch) are now shipping and BOSS Audio will feature them during the 2022 SEMA Show, held in Las Vegas, Nev. from Nov. 1-4 at the Las Vegas Convention Center, booth # N11429. These two brand-new units will be shipping in Q1 2023.

BOSS BE14ACP BE11ACP

“The BE11ACP and BE14ACP add bigger options to our family of seven-, eight-, nine-, and 10.1-inch floating head units, making them the ideal choices for those that desire large screens,” explained Colin Ross, BOSS Audio associate brand manager.

The BE11ACP and BE14ACP radios feature oversized touch screens that mount in front of a standard single-DIN radio chassis, providing the often more desired large-screen entertainment option without having to modify your vehicle...which can often be expensive and sometimes cause unforeseen damage.

“With four channels and 80 Watts of power and Bluetooth hands-free functionality, these two floating head units are as powerful as they are packed with today’s necessary features and aesthetic requirements,” added Ross.

Additional BE11ACP and BE14ACP features include:

- RBDS tuner, balance/fader, and preset built-in EQ
- Plays Bluetooth/USB, MP3, WAV, AVI, FM/AM
- Compatible with audio out from smartphones and MP3 players
- USB, AV, front & rear camera input, steering wheel control input
- Front, rear & sub-pre-amp outputs
- USB charging, multi-color illumination options
- Bluetooth hands-free, make and receive calls, Bluetooth audio streaming
- Play and control music and apps such as Spotify/Pandora wirelessly

During SEMA, BOSS Audio will also feature its line of acclaimed wireless CarPlay/Android Auto source units, including:

- BE920WCPA (double-DIN touch screen)
- BE920WCPA-FT (double-DIN touch screen with backup camera)
- BECPA9W (9-inch floating head unit)
- BECPA10W (10.1-inch floating head unit)
