

Ceiba Healthcare Announces Partnership with Health o meter® Professional Scales for an Innovative EMR Integration

The Collaboration Brings advanced EMR Integration to Health o meter® customers; IoMT Interoperability to Professional Patient Scale Markets and EMR integrations

NEW YORK, NY, USA, October 26, 2022 /EINPresswire.com/ -- [Ceiba Healthcare](#) announces strategic collaboration with Pelstar LLC, manufacturer of, Health o meter® Professional Scales, that allows customers to access true state-of-the-art EMR integration technologies for their patient weight data.

“We’re pleased to collaborate with Pelstar to bring Ceiba Healthcare’s device-agnostic IoMT interoperability to Health o meter® Professional Scale customers looking to integrate their weight and height measurements into their EHR system. Adding Health o meter® Professional products to the 1,000+ devices already supported by Ceiba Healthcare, brings true HL7 Fast Hospital Interoperability Resource (FHIR) data encryption to their integration initiatives,” says [Brett Busse](#), Director of Business Development for Ceiba Healthcare.

“

We’re pleased to collaborate with Pelstar to bring Ceiba Healthcare’s device-agnostic IoMT interoperability to Health o meter® Professional Scale customers”

Brett Busse, Director of Business Development for Ceiba Healthcare.

“As the North American leader in patient weighing products, and EMR connected scales, Health o meter® Professional has been producing EMR compatible scales for more than 15 years,” says Scott Gottman, Director of Product Management and Business Development at Pelstar.

Ceiba Healthcare’s IoMT eConnect Box and Cloud platform

allow customers to swiftly and securely integrate both their existing and new Health o meter® Professional scales to 20+ EHRs or third-party systems. Ceiba's proprietary technologies allow system implementation to be completed in less than three days with minimal IT support. Coupled with Ceiba's 24/7 worldwide support, health systems can now easily integrate their patient weighing products and more than 1,000 other medical devices with their EHR systems.

About HomScales: Created in 1919, the heritage of the Health o meter brand includes the honor of being the first to develop an at-home scale and the first to develop the classic “doctor’s” beam scale. Continuing the tradition as a market pioneer, Health o meter® Professional has the distinction of having several other innovations in the market including the first medical scale manufacturer to receive ISO-13485:2016 certification, the first to offer EMR capable scales, and the first to develop wireless connectivity that is also compatible with the hundreds of thousands of Health o meter® Professional scales already in use in the market.
