- MARMO Side Table - The primitive and bold design of the Marmo marble side table is the perfect addition to modern natural interiors. The rounded oversized legs and tabletop edges, give the stone a soft appearance. Each piece is unique with the authentic natural gray marble showcasing varying patterns.
- LUNA Side Table – Features an authentic white marble top and a solid black marble ball encapsulated by a natural solid brass frame.
- LAUREATO Cocktail Table – This is a bold statement for the living room or lounge. The Laureato cocktail table features carefully balanced layers with a bronze ombre finish. Made from natural solid brass material and a chemical satin bronze finish, it is sealed with a clear lacquer to protect and allow for easy clean-up.
- FORME Cocktail Table - This set of tables is playful and multi-functional. The set of 3 contains square, round, and triangular shapes. The pieces can be used as side tables, in a linear position, or in a group to form a cocktail table. Made from natural solid brass material with a chemical satin bronze finish. The feet are stepped to create a visually lifted space between the floor and the table(s).

- CALCOLO Side Table - This is a sculptural piece of art. The combination of color is subdued yet playful and the volume of each natural solid brass leg is visually balanced and artful. The black, green, and white marble patterns are authentic and unique to each piece.
