"I am heartbroken and frustrated at the shootings at Central and Visual Performing Arts High School. Now is the time for us to start making the safety of our youth a priority and putting them first instead of last. Every time I turn on the news and see a shooting involving our youth, I know that it is a cry for help, and it is time for us to start listening," said Keisha Lee, Chief Executive Officer of Annie Malone and Children and Family Services.

The mission of Annie Malone Children and Family Services is to improve the quality of life for children, families, older adults, and the community by providing social services, educational programs and advocacy.
