With over ten years of experience working in the UAE, James will lead Equitus International through its expansion across a range of markets. Equitus International is currently focused on licensing its products to Brazil, Australia, and across the Middle East.

"James brings exactly the right entrepreneurial experience, international knowledge, and strategic leadership to run our expansion into the global marketplace. I was honored to serve with him in past special operations mission-spaces and could not be more pleased to have him lead our overseas growth," said Robert Guidry, Founder & Chief Executive Officer of Equitus.

"I'm very excited to join the Equitus team," says James Wilton. "I believe Equitus is developing leading edge AI and enhanced software analytics and is in a position to revolutionize the market. As the industry embraces the use of data analytics, Equitus is able to provide a timely set of capabilities to help companies make better informed decisions to gain a competitive

advantage”.

Equitus International Inc. is a wholly owned subsidiary of Equitus Corporation, headquartered in Dubai, UAE, with a focus on expanding international markets for the Equitus technology ecosystem.
