

# Women's Tackle Football Team Recruiting for 2023

*The Midwest Mountain Lions are recruiting women in the Milwaukee and Chicago areas for their 2023 tackle football season.*

CHICAGO, IL, USA, October 26, 2022 /EINPresswire.com/ -- After spending their inaugural season developing the core of talent to take them to the next level, the Midwest Mountain Lions women's tackle football team is ready

to expand for the 2023 season. Representing Chicagoland and SE Wisconsin in the Women's Football Alliance (WFA), the lime-green flavored Mountain Lions took on teams three times their roster size last year and hung in until the last play each and every time, no matter what the scoreboard said. Opponents and coaches alike agreed that there was a uniquely established core of players that never quit, never gave up, and played their hearts out on every down.

“

From 2-3, veterans and coaches will host an informal meet and greet for rookies, recruits, and those with potential interest to gauge what women's tackle football Mountain Lion-style is all about.”

Tryouts will have a \$20 fee attached for anyone interested in participating. One on One Sports requests that no cleats be used on their surfaces, so please bring athletic or turf shoes to this particular event.

The Midwest Mountain Lions is a women's tackle football team in the southeast Wisconsin and Chicagoland areas. Founded in 2019, the team was created to ensure women's tackle football remained active in the area after all previous teams ceased operations.
