As per The Business Research
Company's "General Communication
Equipment Global Market Report
2022", the [general communication](#)

[equipment market](#) grew from \$42.21 billion in 2021 to \$47.38 billion in 2022 at a compound annual growth rate (CAGR) of 12.2%. The Russia-Ukraine war disrupted the chances of global economic recovery from the COVID-19 pandemic, at least in the short term. The war between these two countries has led to economic sanctions on multiple countries, surge in commodity prices, and supply chain disruptions, effecting many markets across the globe. The general communication equipment market is expected to grow to \$64.73 billion in 2026 at a CAGR of 8.1%. Stringent government regulations and mandates contribute to the general communication equipment market's growth.
