CLAYMONT, DELAWARE, UNITED STATES, October 24, 2023

[/EINPresswire.com/](https://EINPresswire.com/) -- Introducing Racing Asset: The Revolutionary Horse Racing Mobile App Combining AI Ratings and Performance Charts

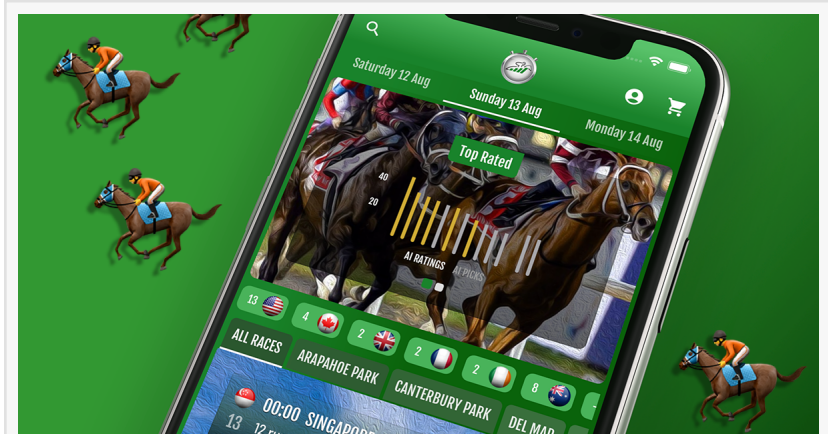

Racing Asset is set to revolutionize the industry with its innovative blend of Artificial Intelligence (AI) ratings, speed ratings and performance charts. Designed to provide race enthusiasts and bettors with unrivalled insights and analysis, Racing Asset is poised to redefine how fans engage with horse racing.

Features include daily race entries, form charts, speed charts, statistics and versus charts, AI ratings and market picks, speed ratings, live multi-region odds, value odds and fast results for the world's best horse racing.

Racing Asset harnesses the power of Artificial Intelligence (AI) to deliver real-time ratings and predictive analysis. By leveraging advanced algorithms and data analytics, Racing Asset generates accurate assessments based on factors such as pedigrees, past performances, track conditions, jockey and trainer statistics, and much more. This allows users to make informed decisions with confidence.

The AI models powering Racing Asset are trained on a historical horse race database of more than 30 million horse race results, making it the largest data science study of any sport ever conducted, and these models will continue to develop as hundreds of additional horse race results are added every day.

One of Racing Asset's standout features is its comprehensive collection of performance charts. These interactive charts display detailed historical data for each horse, including race results,

speed figures, and jockey/trainer performance. Users can analyze trends and spot patterns, gaining valuable insights to potentially identify winning strategies.

Racing Asset's user-friendly interface provides a seamless experience for both seasoned racing enthusiasts and newcomers to the sport. The app caters to various user preferences, offering features such as favorite horse, jockey and trainer tracking and customizable display of odds, weights and race distances in local or international formats.

"We are thrilled to launch Racing Asset, the ultimate companion for horse racing enthusiasts," said Anya Gupta, CEO of Racing Asset. "Our focus is to empower users with accurate ratings, performance analysis, and personalized insights to enhance their horse racing experience. With Racing Asset, users can make more informed decisions and elevate their chances of success."

Racing Asset is available for iOS and Android devices, providing users with on-the-go access to the most extensive horse racing database and analysis tools. It is poised to become an indispensable tool for horse racing enthusiasts, handicappers, and bettors alike.

To celebrate the launch, Racing Asset is offering a limited-time promotion to unlock premium features for enhanced analysis and engagement. Interested users can download Racing Asset from the [Apple App Store](#) or [Google Play Store](#).
