[Danger, Deceit, and Betrayal](#): a New World Order pits a fearless set of new players—uniquely brilliant, armed with untold wealth and tomorrow's technology—against the Old World Elites.

Force of Destiny...of the new world order.

Per Hampton's scathing new financial thriller presents a scintillating battle between heavyweights centered in California under a newly formed global Alliance, clashing with the political power of Washington, D C, the Vatican, and globalist China. Times have changed, espionage is now played out with a budget of trillions, not billions. Even jets are a thing of the past in this hyper-sonic world.

Behind the scenes of this push for global domination and a new order is his niece and only surviving relative, Britt. Could she be the mastermind of the entire scheme that may reshape the destiny of the world?

Stanford is the Brother of murdered, long-lost Black Market Baby- Dotty Henderson from the series first book, Loose Lips.

Los Angeles, Washington, Italy, New York, Barcelona, The Arctic, Switzerland, and Corsica are the locations.
