## DEFINITIONS

In this press release, Escort Alligator presents certain financial measures when discussing Escort Alligator's performance that are not measures of financial performance or liquidity under IFRS ("non-IFRS"). These non-IFRS measures (also known as alternative performance measures or indicators) are presented because management considers them important supplemental

measures of Escort Alligator's performance and believes that they are widely used in the industry in which Escort Alligator operates as a means of evaluating a company's operating performance and liquidity. Escort Alligator believes that an understanding of its sales performance, profitability, financial strength and funding requirements is enhanced by reporting the following non-IFRS measures. All non-IFRS measures should be considered in addition to, and not as a substitute for, other IFRS measures of operating and financial performance as described in this press release. In addition, it should be noted that other companies may have definitions and calculations for these non-IFRS measures that differ from those used by Escort Alligator, thereby affecting comparability.
