Greenhills Holdings Corporation has begun preparatory work on two sites of its mine properties. The work includes road work, site preparation, road and equipment upgrades and repairs.”

*FANSFRENZY CORPORATION*

Production start is expected over the next several weeks, subject to several conditions, mainly weather. Currently the mining season is estimated to last until mid December 2022. All work being done now, accelerates the start of the new season expected in March 2023.

The latest quarterly financials of the Company may be found at [OTCmarkets.com](#).

About Greenhills Holdings Corporation

Greenhills Holdings Corp. is a gold mining company focused on alluvial gold deposits in the historic Caribou

goldfields. Management's experience is a combination of mining, engineering, and mechanical backgrounds. Greenhills has assembled a portfolio of previously operating or highly prospective mining properties through a combination of ownership, joint ventures, options to purchase and operating agreements.

About FansFrenzy Corporation  
FansFrenzy (OTC: FFZY) is a company that leverages its position as a publicly traded corporation to acquire and hold undervalued assets as well as to participate and develop those assets and operating businesses. The Company relies on a deep bench of corporate and financial expertise to bring out the intrinsic value. The

The "Big Boys" at Work

Company is pursuing a strategy of acquisition of undervalued assets with new business partners. Our current focus is on natural resources and in the province of British Columbia, Canada. This development is the result of a strategic analysis in which the Company concluded that greater shareholder value can be achieved. FansFrenzy Corporation will also continue to pursue the development of its existing IT assets through partners.
